## How to Order

Please email your order to [seedorders@cyclamen.org](mailto:seedorders@cyclamen.org)

- Be sure to include your name and your membership number
- If you are unable to include your membership number give at least the first line of your address and your post code.
- Order by code only and provide a quantity if you would like more than one packet
- Quantities of most of these seed lots is *very* limited and we will prioritise a wider distribution over supplying multiple packets to a single member.
- USA members should ensure that they provide a set of labels for use under the USDA Small Seed Lots Scheme.

## Cost

The price of each packet is £0.50, and we will add postage and packaging at cost.

## Payment

When your order has been prepared you will receive an invoice by email.

The preferred payment method is PayPal, but if this cannot be used, UK members may make payment by BACS directly to the Society's bank account: Sort Code 30-98-90, Account number 17604660, using the reference CSE SEED plus membership number.

International members from outside the European Union should remember that although we will do our best to comply with their country's import regulations, any cost involved must be borne by them.

## Shipping

Seeds will be shipped when payment has been received.

They will be sent to the address that we have on file for you, which is where we send your *Journal*.

## Remember...

...to keep this list as the seed packets will only have the code on them, *not* the name (unless this is required by your country's import regulations)

## Please....

...do not email to ask when you will receive your seeds. We will invoice you as soon as we can and we will despatch your seeds as soon as we can after payment has been received. The whole process is delayed by answering email enquiries

## However....

If you have not received an invoice by 30 November, please do email [seedorders@cyclamen.org](mailto:seedorders@cyclamen.org)
